

Charges are eligible for drugs intended for use in a physician's office or setting other than home use that are billed during the course of an office visit. However, specifically identified oral or injectable drugs that can be self-administered in a non-facility or non-office setting must be obtained through Caremark Specialty Pharmacy. The drugs on this list are excluded from coverage under the Medical Benefits. To set up delivery of the drug from Caremark Specialty Pharmacy please call: 1-800-237-2767.
